Re: Peppa Pig and Friends Show Children the Fun in Handwashing

We know that under the best of circumstances, sometimes children just “don’t want to do it!”.

Given the current circumstances, and stress associated with not necessarily understanding the importance of washing hands and sanitizing, in response to COVID-19, the World Health Organization has collaborated with children’s entertainment and educational platforms, to create an animated video, using a recognizable figure – “Peppa Pig” to launch the “Wash, Wash, Wash, Your Hands” sing along video.

In the video Peppa Pig and her friends show the fun in safe hand hygiene by encouraging children and families to wash their hands. Enjoy some family bonding time while teaching your children the importance of hand washing. To see the video, click on the image below or go to: <https://youtu.be/zAnSkaPgviY>.
